## My No-Brainer, Rock Your Socks Off GUARANTEE

In order to **P.R.O.S.P.E.R.** by Design, we'll be creating your business with these 7 Principles:

**Profitability** ~ If your business isn't consistently profitable, then you are in a hobby and my bet is that you are working far too hard for that to be the case or be what you want. And if you are established, is your profitability growing or have you plateaued? Growth means you have a sustainable business; plateaus are the precursor to backward momentum, **LET'S GROW YOUR BUSINESS!**

**Results** ~ You deserve to see the fruits of your labor each and every day, week, and month. This is about celebrating your milestones however small or large they may be and stepping away from the trap of striving and never arriving. **LET'S GET YOU ROCKING RESULTS!**

**Outrageous** ~ This is where I'll challenge your creativity to come to play full out in your business because your business will thrive when your originality, enthusiasm, and talent are truly unleashed and your full potential recognized. **LET'S UNLEASH YOUR CREATIVE GENIUS!**

**Social Responsibility** ~ In today's crowded marketplace, businesses that rocket to the top are about more than their business, they are about the greater good. This is your opportunity to explore causes you are truly passionate about and incorporate giving back into your business model. Social responsibility shares your success with those you care most about. **LET'S INCREASE YOUR IMPACT!**

**Passion** ~ We'll get down to the nitty gritty of what excites you about your business and redesign your business so you get to do a lot more of that. Doing everything because you think you have to or are supposed to is robbing you of what lights you up the most. **LET'S REIGNITE YOUR PASSION!**

**Enjoyable** ~ A simple word with profound effect, if you aren't enjoying what you're working at, it's not working for you. We'll get down to the core of what you love most and how you can focus exclusively on that and either delegate or outsource other parts and pieces. Your sweet spot is where you're in flow. **LET'S MAKE YOUR BUSINESS YOUR PLAYGROUND FOR PROFIT WITH PASSION!**

**Rave Reviews** ~ You know you're doing what you love when your clients consistently and persistently tell you how awesome you are, how much they appreciate you, and how thrilled they are to refer you to friends, family, colleagues, and more. **LET'S PROSPER BY DESIGN TOGETHER!**

My biggest concern was how to move past my slow turtle crawl of business growth to having a successful business. Melissa certainly didn't disappoint. **She gave me a hard, fast and clear look at my website and ideas as to how to get "in the door" to my targeted business prospects. Melissa has the knowledge and energy to assist any business with getting beyond their barriers and prosper.** I would highly recommend her to anyone.

*Vicki Pare, Alternative Marketing Concepts*

You make business fun! **Your coaching keeps me on track and moving forward.**  
*Rupal Turner, Master Feng Shui Consultant*

**You have really helped me to move from a place of being stuck in overwhelm and fragmented thoughts to making a plan** and working on my business to lay the foundation for the new direction I want to take in my business. You are a great sounding board for my scattered thoughts, helping me to sort through and organize them. **Your input and insight opened my mind to new ways of thinking...**

## My No-Brainer, Rock Your Socks Off GUARANTEE

My mission is to provide expert guidance, strategy, and awesome outcomes in my mentoring and consulting. If at the close of our first Profit Shot Breakthrough Session you aren't absolutely certain that this is the right and best fit for you, I'll refund your investment in full, no questions asked.

You made it all the way here and you still have questions. I get it, and I'm delighted to answer any and all questions that you have, and my guarantee makes that clear. If, in our first Profit Shot Breakthrough Session you aren't absolutely certain that this is the right and best fit for you, I'll refund your investment in full, no questions asked.

While I'd love to guarantee your results, I can't do that, ONLY YOU CAN. In fact, what is so cool is that each time I check on clients I've worked with (testimonials here), I'm AWED BY WHAT THEY'VE ACCOMPLISHED and I know you can to.

I've taken a boatload of programs, trainings, invested in private mentoring, but I never had anyone offer me anything this outrageous. I get that it might sound too good to be true. The truth is that I love to mentor, coach, and consult in small doses because my client's are FULL at about 30 minutes each time. FULL and READY to TAKE RAPID ACTION.

I like the formula THINK BIG + START SMALL + FAST ACTION. That means that you are getting bite-sized action steps that keep you out of overwhelm (let's face it overwhelm has killed plenty of fantastic business ideas) and moving forward. Forward is toward more profit with passion on a path you love.

My method is to uncover your inherent magic and multi-talents so that you are in flow in your business and rewarded with the time and resources to live the life of your dreams.

MASSIVE HUGS and CAN'T WAIT TO SEE YOU INSIDE!!

*Melissa*
